PRESS RELEASE

ECOCONUT TOURS INC. IS DÉVOTED TO DEVELOPING SUSTAINABLE TOURISM IN THE PHILIPPINES

For the third *worldwide day for responsible tourism*, Ecoconut Tours Inc. is proud to announce that it has begun full operations.

Ecoconut Tours Inc. is a Tour Operator, located in Cebu, devoted to developing ecotourism and responsible tourism in close cooperation with the local communities and the Department of Environment and Natural Resources of the Philippines.

The Ecoconut tours enable you to discover the island of Olango and its multiple facets, through various adventures and activities.

Our tour circuits make it possible for our visitors to discover a preserved tropical island by setting out for the exploration of the "Olango Island Wildlife Sanctuary". Here it is possible to observe migratory birds at a site of exceptional beauty, participating in activities such as swimming and snorkeling in the protected Marine zones. There is also a direct contact with the local culture thanks to the permanent contact which we have established with the local community (tasting of regional foods, visiting the "Coconut village", possibility of staying one night in a local family, etc).
