PRESS RELEASE

ECOCONUT TOURS INC. EXTENDS ITS CATALOG WITH EDUCATIONAL ECO-TOURS FOR CEBU SCHOOL STUDENTS, IN THE PHILIPPINES

Ecoconut Tours Inc. is very much pleased to announce its new educational eco-tours for Cebu school students.

The objectives of these educational eco-tours are to bring to students of pre-elementary school through high school the opportunity to discover a direct experience of the interdependence of life and to develop an environmental consciousness – specifically the protection and preservation of the environment.

One of our goals is also making connections between what we do as individuals, families, communities, and nations – and the impact on the Earth.

The students are prepared for this activity at school, before visiting the Olango Island and exploring the exceptional "*Olango Island Wildlife Sanctuary*", where they will be able to observe first-hand the variety of migratory birds.

ABOUT ECOCONUT TOURS INC.

Ecoconut Tours Inc. is a Tour Operator, located in Cebu, devoted to developing ecotourism and responsible tourism in close cooperation with the local communities and the Department of Environment and Natural Resources of the Philippines.
